

# CONVENTIONAL SERVICES

---

We offer a full array of conventional testing and inspection services. For these services, we can typically dispatch a crew within 24 hours, and are able to accommodate short notice requests.

## SUBSERVICES:

---

- Radiography (RT)
- 0 Degree/Shear wave Ultrasonics (UT)
- Magnetic Particle Testing (MT)
- Liquid Penetrant Testing (PT)
- Hardness Testing (HT)

## THE ECHO ADVANTAGE:

---

- Fully-certified quality technicians
- Technicians grown within the company and a low turnover rate of employees
- Extensively experienced leadership for support
- Cross trained technicians with multi tickets translates into client cost efficiency (second bullet point)
- In house level III personnel
- Recognized quality and training management system (ABSA AQP)
